1. Introduction

This section describes how MaineCare specific Health Care Claim/Payment Advice (835) transaction set information will be detailed with the use of a table. The tables contain a row for each segment that MaineCare has something additional, over and above, the information in the Technical Report Type 3 (TR3). That information can:

- Limit the repeat of loops, or segments.
- Limit the length of a simple data element.
- Specify a sub-set of the Implementation Guides internal code listings.
- Clarify the use of loops, segments, composite and simple data elements.
- Any other information tied directly to a loop, segment, composite or simple data element pertinent to trading electronically with MaineCare.

In addition to the row for each segment, one or more additional rows are used to describe MaineCare's usage for composite and simple data elements and for any other information.

<u>Table 1</u> below specifies the columns and suggested use of the rows for the detailed description of the transaction set Companion Guides.

Table 1: 835	Transaction	Set Descriptions
---------------------	--------------------	-------------------------

Page #	Loop ID	Reference	Name	Codes	Length	Notes/Comments
137	2100	NM1	Patient Name			This type of row always exists to indicate that a new segment has begun. It is always shaded and notes or comments about the segment itself go in this cell.
139	2100	NM109	Identification Code		2/80	This type of row exists to limit the length of the specified data element.
204	2110	REF01	Reference Identification Qualifier	BB, LU		This is the only code transmitted by MaineCare.

1.1 Scope

The purpose of the MaineCare 835 Health Care Claim Payment Advice Companion Guide is to provide Trading Partners with a guide to the MaineCare specific requirements reported in the 835. This Companion Guide document should be used in conjunction with the Technical Report Type 3 (TR3) and the national standard code sets referenced in that Guide.

For any questions or to begin testing, refer to <u>Section 3: Testing with the Payer</u>, and logon to <u>https://mainecare.maine.gov</u>.

1.2 Overview

This section describes how the table, for the MaineCare specific 835 transactions, is organized by columns and their descriptions. <u>Table 4</u>, in Section 10, should be used as a reference for 835 transactions received from MaineCare. Table 4 contains the specific data values and descriptions used in processing the transaction. Refer to Section 10: <u>Transaction Specific Information</u>, for more details.

Column Descriptions:

- Page Number Corresponding page number in TR3
- Loop ID Implementation Guide Loop
- Reference Implementation Guide Segment
- Name Implementation Guide segment/element name
- Codes Data values to be sent for MaineCare transactions. Information contained within "<>" is the description or format of the data that should be entered in the field.
- Length MaineCare length. A single number denotes fixed length. Two numbers separated by a slash denotes min/max length.
- Notes/Comments Additional information specific to MaineCare transactions.

1.3 References

This section describes the additional reference material Trading Partners must use to find the non-MaineCare specific transaction specifications for the 835 Health Care Claim/Payment Advice.

NOTE: The Companion Guide does not include the complete transaction specifications. Refer to the following HIPAA version 5010A1 Technical Report Type 3 for additional information not supplied in this document, such as transaction usage, examples, code lists, definitions, and edits.

Copies of the ANSI X12 Technical Report Type 3s can be obtained from the Washington Publishing Company at the following URL: http://www.wpc-edi.com.

All required information for populating the X12 Electronic Data Interchange (EDI) transactions can be found by referencing the MaineCare Companion Guides or the HIPAA Technical Report Type 3s.

1.4 Additional Information

Refer to the 5010A1 Technical Report Type 3 for information not supplied in this document, such as code lists, definitions, and edits.

2. Getting Started

This section describes how to interact with MaineCare regarding 835 transactions.

 $ME_Care_835_ClaimsPymt_v6\ 0_20141212.doc.doc$

2.1 Working with MaineCare

The EDI Help Desk is available to assist providers with their electronic transactions from, Monday through Friday, during the hours of 7:00 am – 6:00 pm, by calling 1-866-690-5585, Option 3 or via email at mainecaresupport@molinahealthcare.com.

2.2 Trading Partner Registration

MaineCare's Maine Integrated Health Management Solution (MIHMS) system supports the following categories of Trading Partner:

- Provider
- Billing Agency
- Clearinghouse
- Internal User
- Health Plan

NOTE: Providers must be enrolled and approved before registering as a Trading Partner. Billing Agencies must be associated to an approved Billing Provider in order to register as a Trading Partner.

To obtain a Trading Partner ID (TPID) visit the website: https://mainecare.maine.gov and follow the steps provided:

- Select the **Provider** Tab.
- Click the **Register** link to access the first Trading Partner Registration page. The link is located on the left navigation pane of the online portal Provider page.
- Select the type of Trading Partner from the drop down menu, as shown in <u>Figure 2-1</u> below. Depending upon which selection is made; different required fields will be presented to the user.

If the user is a Provider, follow these steps:

- After signing the Trading Partner Agreement and clicking the Register button, the Registration window appears. A pdf version of the TPA can be downloaded by selecting the **Download Agreement** link. Select the **OK** button to complete the registration. After account activation, a confirmation email with the Trading Partner ID (TPID) is sent to the address specified during the registration process.
- Clearinghouses do not associate their TPA to other providers.

If the user is a Health Plan, follow these steps:

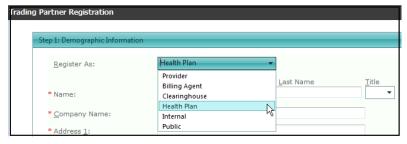

Figure 2-4: Trading Partner Registration

ME_Care_835_ClaimsPymt_v6 0_20141212.doc.doc

- Select the type of Trading Partner from the drop down menu, as shown in Figure 2-4 above.
- In the Name fields, indicate the name of the person completing this registration. First and last names are required, the middle initial and a title are optional.
 - o In the Company Name field, indicate the company name. This is a required field.
 - In the Address 1 field, indicate the first line of the business address. This is a required field.

- o In the Address 2 field, indicate the second line of the business address. This is an optional field.
- o In the City, State and ZIP fields, indicate the appropriate information for the business address. These fields are required.
- o In the Country field, indicate the country of the business. This is an optional field.
- o In the Telephone fields, provide the business phone number, including area code. This is a required field.
- o Indicate the website address (URL) for the business. This is an optional field.
- o In the Tax ID field, indicate the Tax ID for the Health Plan. This is a required field.
- . Complete one of the following:
 - o To continue to the next step in the registration process, click the **Next** button.
 - o To cancel the registration, click the **Cancel** button.
- Specify security information. Create a user name, password, a security question and answer. Specify a valid email address.
 - o In the User Name field, type a user ID.
 - o In the Password field, type a password. It must be at least six characters long and contain at least one each of an upper case letter, a lower case letter, a special character (such as an asterisk "★") and a number. The password may not contain spaces.
 - o In the Re-Enter Password field, retype the password exactly as typed in the Password field.
 - o In the Email Address field, type a valid email address. (A confirmation email is sent to this address, so it is important that the address is valid.)
 - o In the Re-Enter Email Address field, retype the email address exactly as typed in the previous field.
 - In the Security Question and Answer fields, make up and type a confidential question and its answer, respectively. (For example, "What street did I live on as a child?" or "What was the make of my first car?") If a password is forgotten, this question and answer pair is used to verify the user's identity.

NOTE: All fields are required.

Complete one of the following:

- To continue to the next step in the registration process, click the **Next** button.
- To return to the previous registration step, click the **Back** button. To cancel the registration, click the **Cancel** button.
- After completing the Security Information window and clicking the **Next** button, the Confirm Information window appears.
 - Verify that all information displayed on this window is accurate. If anything is incorrect, click the **Back** button to go back to the window where the information was originally entered, correct the field, and click the **Next** button until reaching the Confirm Information window again.

After account activation, a confirmation email with the Trading Partner ID (TPID) is sent to the address specified during the registration process.

2.3 Certification and Testing Overview

All Trading Partners will be authorized to submit production EDI transactions. Any Trading Partner may submit test EDI transactions. The Usage Indicator, element 15 of the Interchange Control Header (ISA) of any X12 file, indicates if a file is test or production. Authorization is granted on a per transaction basis. For example, a Trading Partner may be certified to submit 837P professional claims, but not certified to submit 837I institutional claim files.

Trading Partners will submit three test files of a particular transaction type, with a minimum of fifteen transactions within each file, and have no failures or rejections to become certified for production. Users will be notified (E-mail) through the Trading Partner Status page of Health PAS Online Portal (online portal) when testing for a particular transaction has been completed.

Testing with the Payer

Trading Partners must submit three test batches, and successfully pass the HIPAA validation, for each transaction type (837I, 837P, 837D, 270, 276, 278) they plan to submit into the Maine Integrated Health Management Solution (MIHMS).

To test an EDI transaction type, follow these steps:

ME_Care_835_ClaimsPymt_v6 0_20141212.doc.doc

Log into the secure online portal using the user name and password created when the Trading Partner Agreement was signed.

835 Health Care Claim/Payment Advice Companion Guides

- Select File Exchange.
- Under File Exchange, select **X12 Upload**.
- Select a file to upload by clicking the **Browse** button. The computer will search for the X12 file for testing.
- Once the correct file is found, click the **Upload** button.
- The user will receive a notice on the window that says whether the upload was a <success> or <failed>. If failed, contact the EDI Help Desk for assistance.
- The report file may be found under File Exchange > Responses and Reports. Select **Responses** to view the report.
- Select the type of report (e.g. 835) and a list of the recent 835 responses will display. Scroll through the list to locate the correct file. Clicking **Search** will look for any new reports that have been generated.

4. Connectivity with the Payer/Communications

This section contains process flow diagrams relating to the four different exchange methods with MaineCare.

4.1 Process Flows

835 Healthcare Claim/Payment Advice inquiries can be exchanged with the Maine MMIS three different ways through CAQH defined Web Service interface, Health PAS Online, or File Transfer Protocol (FTP) transmission over Virtual Private Network (VPN) dedicated connection to Molina datacenters for Value Added Network (VAN) Trading Partners.

- **Real-Time Web Services:** Trading Partners who wish to exchange 835 Healthcare Claim/Payment Advice inquiries with the Maine MMIS using CAQH-defined Web Services can do so using HTTPS over the Internet.
- **Health PAS Online:** Trading Partners who wish to exchange electronic transactions with the Maine Medicaid Management Information System (MMIS) using Health PAS Online can do so by navigating to the File Exchange area and choosing **X12 Upload**. Acknowledgements and Responses to transactions submitted via Health PAS Online, or the 835, can be accessed by selecting **Download/Responses** under the File Exchange menu.
- VAN: Clearinghouses that are registered as VANs can submit their transactions via Secured FTP
 and may retrieve acknowledgements and responses, and the 835, from their designated secured
 FTP pickup location.

ME_Care_835_ClaimsPymt_v6 0_20141212.doc.doc

4.2 Transmission Administrative Procedures

The 835 is a report posted to the online portal and is found under File Exchange > Responses and Reports. Select **Responses** to view the report. In addition, Trading Partners who have submitted X12 transactions via Secured FTP may now retrieve 835 Healthcare Claim payment advice transaction files, acknowledgements, and responses from their designated secured FTP Pickup location.

4.3 Re-Transmission Procedure

The 835 is a report posted to the online portal and is found under File Exchange > Responses and Reports. Select **Responses** to view the report.

4.4 Communication Protocol Specifications

This section describes MaineCare's communication protocol. The information exchanged between devices, through a network or other media, is governed by rules and conventions that can be set out in a technical specification called communication protocol standards. The nature of the communication, the actual data exchanged and any state-dependent behaviors, is defined by its specification.

Authorized Trading Partners can now request their most recent weekly 835 transaction through CAQH Web Services. CAQH Phase III has required that a 999 be returned to the issuer of the 835 to acknowledge that the Functional Group was accepted, accepted with errors, or rejected and, if appropriate, report errors encountered with the 835 data.* The Molina CAQH Web Services have been enhanced to support this functionality via real time web service.

When requesting an 835 using the CAQH web services:

- The PayloadID needs to be set to the Check/EFT Payment ID for the desired 835.
- The PayloadType needs to be specified as **X12_835_Request_005010X221A1**.
- The ProcessingMode needs to be set to **Batch.**
- The requesting Trading Partner ID (TPID) must match the Receiver ID of the 835 transaction requested.

When sending a 999 response using the CAQH web services:

- Set the 999 AK102 to the value of the GS06 value for the 835 to which the 999 is responding.
- The PayloadType should be set to **X12_999_SubmissionRequest 005010X231A1.**
- The ProcessingMode needs to be set to **Batch**.

*NOTE: CAQH Final Rule has not yet adopted the requirement that a 999 be returned to the issuer of the 835 (Section 4.2 of CAQH CORE Rule 350); therefore, sending a 999 response is not mandatory at this time.

4.5 Passwords

Trading Partners will create a user name and password during the Trading Partner Account registration process. Passwords must adhere to following criteria:

- Must be at least six characters long.
- Must contain at least one each of:
 - Upper case letter
 - o Lower case letter

 $ME_Care_835_ClaimsPymt_v6\ 0_20141212.doc.doc$

835 Health Care Claim/Payment Advice Companion Guides

- Special character
- o A number
- Passwords may not contain spaces.

For additional security, users are required to change the password for the Trading Partner log in every 60 days. The user name does not change, but the password must be changed. If the password is not changed after 60 days, the user is prompted to reset the password at the next sign in.

If the password for the Trading Partner user name needs to be reset, follow these steps:

- Select the Reset Password link.
- The online portal displays the Trading Partner Reset Password window. Specify the Trading Partner user name in the box and click the **Continue** button.
- The online portal displays the email address and security question associated with this user name. Type the answer to the security question in the Security Answer box and click the **Continue** button. If the question is answered successfully, the online portal sends an email to the address associated with the user name and displays the confirmation message.
- The email contains a confirmation link and activation PIN. After receiving the email, click the link (or copy it and paste it into the address bar of a web browser.) The online portal displays the Change Password window with the user name and activation PIN already filled in. To complete the Change Password window:
 - o In the **New Password** field, type a password that follows the password criteria.
 - In the Confirm New Password fields, retype the password exactly as typed in the New Password field.
 - c. Click the **Change Password** button. The online portal displays a confirmation message.

5. Contact Information

This section contains the contact information, including email addresses, for EDI Customer Service, EDI Technical Assistance, Provider Services, and Provider Enrollment.

5.1 EDI Customer Service

The EDI Help Desk is available to assist providers with their electronic transactions from, Monday through Friday, during the hours of 7:00 am – 6:00 pm, by calling 1-866-690-5585, Option 3 or via email at mainecaresupport@molinahealthcare.com.

5.2 EDI Technical Assistance

The EDI Help Desk is available to assist providers with their electronic transactions from, Monday through Friday, during the hours of 7:00 am -6:00 pm, by calling 1-866-690-5585, Option 3 or via email at mainecaresupport@molinahealthcare.com.

5.3 Provider Service Number

6. Control Segments/Envelopes

This section describes MaineCare's use of the interchange, functional group control segments and the transaction set control numbers.

6.1 ISA-IEA

This section describes MaineCare's use of the interchange control segments.

• ISA06, Interchange Sender ID: Molina assigned Trading Partner ID + 3 spaces (e.g. METPID000001 + 3 spaces)

6.2 GS-GE

This section describes MaineCare's use of the functional group control segments.

- GS02, Application Sender's Code: Molina assigned Trading Partner ID
- GS03, Application Receiver's Code: ME MMIS 4MOLINA
- GS04, Date: CCYYMMDD
- GS05, Time: HHMM
- GS06, Group Control Number: Must be identical to associated Functional Group Trailer GE02.
- GS07, Responsible Agency Code: X = Accredited Standards Committee X12
- GS08, Version/Release/Industry Identifier/Code: 005010X221A1

6.3 ST-SE

This section describes MaineCare's use of the transaction set control numbers.

- ST02, Transaction Set Control Number: Must be identical to associated Transaction Set Control Number SE02.
- ST03, Implementation Convention Reference: 005010X221A1

7. Payer Specific Business Rules and Limitations

This section describes MaineCare's business rules regarding 835 transactions.

 For MaineCare's specific business rules and limitations, refer to <u>Section 10: Transaction Specific</u> <u>Information</u>.

8. Acknowledgements and/or Reports

HIPAA responses and acknowledgements are available for download via Health PAS Online Portal for a period of two years from the original creation date.

Acknowledgments and Responses to transactions submitted via Health PAS Online Portal can be accessed by selecting Download / Responses under the File Exchange menu. Acknowledgement for the most recently submitted transactions are automatically displayed in the list for download. Each can be viewed separately by clicking on the appropriate hyperlink or all acknowledgements for a transaction can be downloaded at once by using the Download All button. Older acknowledgements and responses can be located by using the Search button, see Figure 8-1 below.

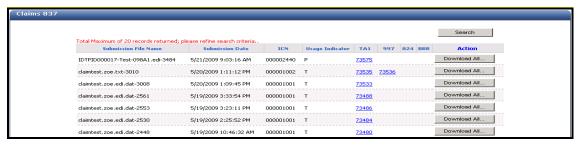

Figure 8-1: Older Acknowledgements and Responses via Search Button

8.1 Report Inventory

This section contains an inventory of all applicable acknowledgement reports. Inventory is defined as a list of all applicable acknowledgement reports (e.g. TA1 Interchange Acknowledgement).

NOTE: The listed reports are not generated by MaineCare or posted to the online portal for the 835.

• **TAI Interchange Acknowledgement**: is used to verify the syntactical accuracy of the envelope of the X12 interchange. The TA1 interchange will indicate that the file was successfully received; as well as indicate what errors existed within the envelope segments of the received X12 file.

The structure of a TA1 interchange acknowledgement depends on the structure of the envelope of the original EDI document. When the envelope of the EDI document does not contain an error then the interchange acknowledgement will contain the ISA, TA1, and IEA segments. The TA1 segment will have an Interchange Acknowledgement Code of 'A' (Accepted) followed by a three digit code of '000' which indicates that there were not any errors.

If the EDI document contains an error at the interchange level, such as in the Interchange Control Header (ISA) segment or the Interchange Control Trailer (IEA), then the interchange acknowledgement will also only contain the ISA, TA1, and IEA segments. The TA1 segment will have an Interchange Acknowledgement Code of 'R' (Rejected) which will be followed by a three-digit number that corresponds to one of the following codes shown in Table 2 below.

Table 2: Interchange Acknowledgement Codes

Code	Description
000	No error
001	The Interchange Control Number in the Header and Trailer Do Not Match. The Value From the Header is Used in the Acknowledgment

- 999 Implementation Acknowledgement: designed to report only on conformance against an implementation guideline (TR3). The 999 is not limited to only IG errors. It can report standard syntax errors, as well as IG errors. The 999 can NOT be used for any application level validations. The ASC X12 999 transaction set is designed to respond to one and only one functional group (e.g. GS/GE), but will respond to all transaction sets (e.g. ST/SE) within that functional group. This ASC X12 999 Implementation Acknowledgement can NOT be used to respond to any management transaction sets intended for acknowledgements, e.g. TS 997 and 999, or interchange control segments related to acknowledgements, e.g. TA1 and TA3. Each segment in a 999 functional acknowledgement plays a specific role in the transaction. For example, the AK1 segment starts the acknowledgement of a functional group. Each AKx segment has a separate set of associated error codes. The 999 functional acknowledgement includes but is not limited to, the following required segments:
 - o ST segment Transaction Set Header
 - o AK1 Functional Group Response Header
 - AK2 Transaction Set Response Header
 - IK3 Error Identification
 - o CTX Segment Context

835 Health Care Claim/Payment Advice Companion Guides

- CTX Business Unit Identifier
- o IK4 Implementation Data Element Note
- o CXT Element Context
- o IK5 Transaction set response trailer
- o AK9 Functional Group Response Trailer
- o SE Transaction Set Trailer

For additional information regarding the 999 transaction, please see the Implementation Acknowledgement Section of the ASC X12 Standards for Electronic Data Interchange Technical Report Type 3 Guide for the transaction the user is submitting.

824 Application Advice: This transaction is not mandated by HIPAA, but will be used to report
the results of data content edits of transaction sets. It is designed to report rejections based on
business rules such as; invalid diagnosis codes, invalid procedure codes, and invalid provider
numbers. The 824 Application Advice does not replace the 999 or TA1 transactions and will only
be generated by Health PAS if there are errors within the transaction set.

The 824 acknowledgment is divided into two levels of segments; header and detail.

- The header level contains general information, such as the transaction set control reference number of the previously sent transaction, date, time, submitter, and receiver.
- The detail level reports the results of an application system's data content edits.

The 824 Application Advice includes but is not limited to following segments and their roles:

- Header Segments:
 - ST segment Transaction Set Header
 - BGN segment Beginning Segment
 - N1 segment Submitter Name
 - N1 segment Receiver Name
- Detail Segments:
 - OTI segment—Original Transaction Identification
 - TED segment—Error or Informational Message Location
 - RED segment—Error or Informational Message
 - SE segment—Transaction Set Trailer

The Health PAS Application output the following errors in the TED segment of the 824 Application Advice, as shown in Table 3 below.

9. Trading Partner Agreements

A Trading Partner Agreement (TPA) is a legal contract between Molina, acting on behalf of the State of Maine, Department of Health and Human Services and a Provider/Billing Agent/Clearinghouse/Health Plan to exchange electronic information.

The desire to exchange by and through electronic communications, certain claims and billing information that may contain identifiable financial and/or protected health information (PHI) as defined under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 45 Code of Federal Regulations Parts 160-164, and applicable regulations that implement Title V of the Gramm-Leach-Bliley Act, 15 U.S.C. § 6801, et seq. The parties agree to safeguard any and all PHI or other data received, transmitted or accessed electronically to or from each other in accordance with HIPAA. This agreement is within the TPA.

 $ME_Care_835_ClaimsPymt_v6\ 0_20141212.doc.doc$

9.1 Trading Partners

A Trading Partner is defined as any entity with which Molina exchanges electronic data. The term electronic data is not limited to HIPAA X12 transactions. MaineCare's Maine Integrated Health Management Solution (MIHMS) system supports the following categories of Trading Partner:

- Provider
- Billing Agency
- Clearinghouse
- Internal User
- Health Plan

Molina will assign Trading Partner IDs (TPID) to support the exchange of X12 EDI transactions for Providers, Billing Agencies and Clearinghouses, and other Health Plans.

10. Transaction Specific Information

This section describes the MaineCare specific 835 transaction set information requirements, which are outlined in <u>Table 4</u> below. The table contains a row for each segment that MaineCare has something additional, over and above, the information in the Technical Report Type 3 (TR3). That information can:

- Limit the repeat of loops, or segments.
- Limit the length of a simple data element.
- Specify a sub-set of the Implementation Guides internal code listings.
- Clarify the use of loops, segments, composite and simple data elements.
- Any other information tied directly to a loop, segment, composite or simple data element pertinent to trading electronically with MaineCare.

Appendix 1: Implementation Checklist

This appendix contains all necessary steps for submitting electronic transactions to MaineCare.

- Providers must register to become a Trading Partner.
- Trading Partners must sign a Trading Partner Agreement.
 - o For Real-Time web services, the Trading Partner must build an interface.
 - Interface means the Trading Partner must have the software to communicate with the Real-Time web services using either the SOAP or MIME connection.

NOTE: The 835 is an outbound EDI transaction, therefore Trading Partners are not required to submit real-time test files to become certified as they would for inbound EDI transactions.

Molina Medicaid Solutions

TRADING PARTNER AGREEMENT - CLEARINGHOUSE or BILLING AGENT

Please read the entire agreement and provide your electronic signature of acceptance on the final page of this document.

This Electronic Trading Partner Agreement (hereinafter "Agreement") is made by and between Molina Information Systems, LLC d/b/a Molina Medicaid Solutions (" Molina") (Acting on behalf of the State of Maine, DEPARTMENT OF HEALTH AND HUMAN SERVICES) and the party named at the end of this document ("Company"), a Clearinghouse or Billing Agent.

WHEREAS, Molina performs certain claims processing and administrative services; and,

<u>WHEREAS</u>, Company provides services including receiving information from a party and sending all or part of that information to various other entities, or to the party, in standard and nonstandard formats; and.

WHEREAS, the information Company and Molina (collectively, the "Parties") desire to exchange by and through electronic communications, certain claims and billing information that may contain identifiable financial and/or protected health information ("PHI") as defined under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), 45 Code of Federal Regulations Parts 160-164, and applicable regulations that implement Title V of the Gramm-Leach-Bliley Act, 15 U.S.C. § 6801, et seq. (the "GLB Regulations") now or as later amended; and,

<u>WHEREAS</u>, the Parties agree to safeguard any and all PHI or other data received, transmitted or accessed electronically to or from each other in accordance with HIPAA and the GLB Regulations, and desire to set forth in writing their understanding with respect to these communications and the covenant of confidentiality and nondisclosure of PHI or other Data.

<u>NOW THEREFORE</u>, in consideration of the mutual promises and covenants contained herein and other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties hereto agree as follows:

I. DEFINITIONS.

Clearinghouse/Billing Agent - A public or private entity, including a billing service, repricing company, community health management information system or health information system, or "value-added" networks and switches, that: (1) process or facilitate the processing of health information received from another entity in a nonstandard format or containing nonstandard data content into a standard data element or a "Standard Transaction" as defined in Section II, below; (2) receive a Standard Transaction from another entity, and process or facilitate the processing of health information into nonstandard format or nonstandard data content for the receiving entity, or (3) otherwise

conducts any EDI transactions with Molina.

<u>Companion Guides</u> - aka "Guide" here within the TPA. Companion Guide will be created to help assist submitters in their submission of Maine Medicaid claims to Molina.

<u>Data</u> - Any information provided and/or made available by either of the Parties to the other, and includes, but is not limited to enrollment and eligibility data, claims data, and PHI

<u>Electronic Data Interchange ("EDI") Companion Guide</u> - A technical user's manual provided to Company to assist Company and its clients in preparing and completing electronic data interchange. Molina reserves the right to revise and update the EDI Reference Guide ("Guide") in its sole discretion.

<u>Health and Human Services ("HHS") Privacy Standard Regulation</u> - 45 Code of Federal Regulations ("CFR") at Title 45, Parts 160 through 164.

<u>Health and Human Services ("HHS") Security Standard Regulation</u> - 45 Code of Federal Regulations ("CFR") at Title 45, Parts 160, 162 and 164.

HHS Standard Transaction Regulation - 45 CFR Parts 160 and 162.

Individual - The person who is the subject of the Data, as defined by 45 CFR § 164.501.

<u>Proprietary Data</u> - Information used or created by Molina in the conduct of its business activities that is not normally made available to Molina's customers, competitors, or third parties, the disclosure of which will or may impair Molina's competitive position or otherwise prejudice Molina's ongoing business. Company would not otherwise have access but for its contractual relationship with Molina.

II. INTRODUCTION.

This Agreement authorizes the Parties to electronically exchange Data, including PHI, through a public or private telecommunications network using language and code sets authorized at 45 CFR § 160 et seq., in an efficient and cost-effective manner without limiting the obligations of each party as set forth in this Agreement or imposed by applicable law, solely for the purposes set forth herein, in accordance with the terms "Standard" and "Transactions" as defined at 45 CFR § 160.103 (hereinafter aggregated and referred to as 'Standard Transactions"), the privacy standards described and referenced below, and requirements for non-standard transactions (if applicable). Any Data, Proprietary Data or PHI exchanged under this Agreement is to be used and exchanged solely as authorized by HIPAA, and is further subject to the terms and conditions set forth in this Agreement. Company acknowledges that coverage for any services furnished by a Provider and electronically exchanged through this Agreement is subject to the terms and conditions of the individual's benefit program, any participation agreement between Provider and Molina, and Molina's policies and procedures.

III. TERM, TERMINATION and SUSPENSION.

Figure 6-2: CH/BA TPA - Page 2

ME_Care_835_ClaimsPymt_v6 0_20141212.doc.doc

835 Health Care Claim/Payment Advice Companion Guides

The term of this Agreement shall commence upon its execution. Company agrees that its ability to transmit, receive or otherwise electronically access Data will cease if Company or Molina terminates this Agreement.

Either party may terminate this Agreement without cause upon sixty- (60) days prior written notice or immediately by either party for cause.

This Agreement may immediately be terminated in the event of a material breach. A material breach shall include, but not be limited to, breach of any substantive term(s) of this Agreement, fraud, abuse, and/or failure to protect PHI. The terminating party may rescind notice of termination if the other party successfully cures the breach complained of to the terminating party's satisfaction. Each party may also temporarily suspend electronic communications under this Agreement to protect computer or data systems in cases of emergencies, or to perform maintenance. Each party agrees to minimize the frequency and duration of these temporary suspensions. This Agreement shall automatically terminate in the event there is no electronic transaction activity for six (6) consecutive months.

Any ambiguity in any term or condition of this Agreement shall be resolved in favor of a meaning that permits the parties to comply with HIPAA.

IV. MOLINA OBLIGATIONS.

A. ID(s) and Password(s) - Upon execution of this Agreement, Molina will assist in establishing Company logon ID(s) and password(s) to allow Company to authenticate its identity and transmit data electronically for Providers and Employer Groups identified in EDI Transaction Application.

Molina shall retain title to all logon ID(s) and password(s), and reserves the right to change any logon ID or password at any time, for any reason, or if required to do so by law, regulation, or court order.

B. Data - The Data the Parties may exchange pursuant to this Agreement may change as a result of changes in law or regulation, or actions taken by an employer group in accordance with the terms and conditions of certain health care benefits contracts, or changes made to those contracts. Molina's response to inquiries does not guarantee coverage. Acceptance by Molina of the Data Company sends electronically, on any Provider or Employer Group's behalf, does not constitute guarantee of reimbursement.

V. COMPANY OBLIGATIONS and AUTHORIZATIONS.

A. Provision of Data - Company may provide Molina Data electronically, including the minimum necessary PHI (see 45 CFR § 164.502(b)) in accordance with the terms of the Agreement and the Guide. Company is solely responsible to ensure that the Data it provides Molina is correct.

B. Logon ID and Password - Company agrees to protect Molina's logon ID(s) and password(s) from compromise, release or discovery by any unauthorized person, and shall not disclose logon ID(s) and password(s) to any third party in any manner. A breach

doc.doc Page 43 of 48

835 Health Care Claim/Payment Advice Companion Guides

of this provision shall be considered material. In the event a breach occurs, Company must notify Molina immediately as set forth in the Guide. Company acknowledges and agrees that only Company personnel it designates shall be permitted to use the logon ID(s) and password and only within the scope of the approved application. Company's use of logon ID(s) and password(s) constitutes an Electronic Signature that confirms Company's willingness to remain bound by these terms and conditions and ratify any transaction conducted electronically by Molina. In the event logon ID(s) and/or password(s) are compromised, Company shall be responsible for such ramifications resulting from Company's failure to protect Molina logon ID(s) and password(s).

C. Company's Costs - Company shall assume all its internal costs to transmit, access and receive Data electronically including, but not limited to, the costs of computers, terminals, connections, modems, and browsers that have the capability to use HIPAA-mandated code-set

Standard Transactions, and the costs of providing sufficient security measures to safeguard receipt and transmission of PHI in accordance with 42 USC § 1320d-2(d), 45 CFR § 164.530 and the implementing regulations issued by HHS to preserve the integrity and confidentiality of, and to prevent non-permitted use or violations of disclosure of PHI.

- D. Authorization to Use Data Company's use of a Molina system or process under this Agreement constitutes authorization and direction to Molina to use the PHI or other Data received from Company to adjudicate and process health care claims Molina receives from Company on behalf of Company's contracted employer groups or health care providers. Company acknowledges the sensitive, confidential and proprietary nature of this Data, and of Molina's proprietary electronic communications processes. Company may access, receive and transmit only that Data in such format as described in the Guide. No electronic communication will give rise to any obligation until it is accessible at the receiving party's computer as set forth in the Guide. Company acknowledges that Molina may disclose the PHI it makes available to Molina concerning Individuals who are members of a plan to the plan sponsor or the group health plan consistent with HIPAA's requirements and the language set forth herein.
- E. Testing Prior to the initial data transmission for each type of transaction, Company will test and cooperate with Molina in testing Company's operating system to ensure the accuracy, timeliness, completeness, compatibility, and confidentiality of each data transmission.
- F. Limited Access Company will not obtain access by any means to data or Molina's operating system. In the event Company receives data not intended for Company, Company will immediately notify Molina and delete the data from its operating system.
- G. Notice of License Impairment Company shall notify Molina immediately in writing of any existing or subsequent suspension or revocation of Company's license or certificate, or exclusion of participation in the Medicare, Medicaid, or any other federal program.
- H. Relationship with Employer Groups and/or Providers Company agrees to execute Business Associate or Trading Partner Agreements with each individual Employer Group and/or Provider with whom Company does business, and shall provide Molina, at such

Figure 6-4: CH/BA TPA - Page 4

reasonable time(s) as Molina shall request, written verification of any or all Employer Group or Provider(s)' status in executing such agreements. Molina reserves the right to refuse to accept any Data from Company that has been sent from any Employer Group or Provider which has not executed an appropriate Business Associate or Trading Partner Agreement with Company.

VI. INDEMNIFICATION.

Each party hereby recognizes and acknowledges that each party is responsible for its own conduct and the conduct of its officers, directors, employees and agents, and that each is responsible for any losses, liability, damages, costs and expenses that it incurs in the event that any claim is made by any person arising out of any of that party's acts or omissions related to this Agreement. In the event that either party receives notice of any action, claim, or proceeding that alleges or otherwise involves any act or omission of the other party; it shall promptly give notice to the other party and provide the other party with the opportunity and all reasonable assistance in the defense of such action. It is recognized that it may be necessary depending on the procedural status of the matter for one party to implead another party or to join it in litigation as a third party defendant. In the event that the other party does not respond and defend, such other party shall indemnify the notifying party for any losses, liability, damages, costs and expenses that the notifying party incurs by reason of the failure of the other party to respond and defend; provided that it is understood that each party will carry errors and omissions insurance, and it is not intended that this Agreement should be interpreted or administered by the parties in any manner to invalidate any such insurance coverage. This section shall survive the termination of this Agreement. Neither party shall be liable to the other party for damages caused by circumstances beyond its control, including, without limitation: "hackers" who gain access to the system or Data in spite of a party's compliant security measures, a major disaster, epidemic, the complete or partial destruction of its facilities, riot, civil insurrection, war or similar causes. Neither party shall be liable to the other party for any special, incidental, exemplary or consequential damages.

VII. COMPLIANCE WITH PRIVACY STANDARDS.

Each party will develop, implement, maintain and use appropriate administrative, technical and physical Data safeguards, in compliance with 42 U.S.C. § 1320d-2(d), 45 CFR § 164.530(c) and patient confidentiality provisions of applicable state statutes or regulations, and shall comply with any applicable GLB Regulations, or any amendments to any of these statutes or regulations.

Each party shall execute Trading Partner, and/or Business associate Agreements, acceptable to Molina, with subcontractors or agents that provide services involving maintenance, use or disclosure of PHI, ensuring that any subcontractors or agents to whom it provides PHI agree in writing to those restrictions that, with respect to such PHI, apply to that individual subcontractor or agent. Each party agrees that it will not maintain, use, make available or further disclose PHI other than as permitted or required by this Agreement or as required by law.

If any activity under this Agreement would cause any Party to be considered a "Business Associate" of any other Party under 45 CFR. § 160.103, the following restrictions will apply to all uses and disclosures of PHI. The Business Associate will: (i) Not use or further

Figure 6-5: CH/BA TPA - Page 5

ME_Care_835_ClaimsPymt_v6 0_20141212.doc.doc

835 Health Care Claim/Payment Advice Companion Guides

disclose PHI other than as permitted or required by this Agreement, or to comply with judicial process or any applicable statute or regulation; (ii) Notify the other Party in advance of any disclosure of PHI that the Business Associate is required to make under any judicial or regulatory directive; (iii) Use appropriate safeguards to prevent use or disclosure of PHI other than for the purposes required in this Agreement; (iv) Report to the other parties any use or disclosure of PHI not provided for in this Agreement of which the Business Associate becomes aware; (v) Ensure that any agents or subcontractors to whom the Business Associate discloses PHI received from another party, or created on behalf of another party, agrees to the same restrictions and conditions that apply to the protection of information under this Agreement; (vi) Make PHI available to individuals as required by 45 CFR § 164.524;

- (vii) Make PHI available for amendment and incorporate any amendments to PHI in accordance with 45 CFR § 164.526;
- (viii) Make available the information required to provide an accounting of disclosures in accordance with 45 CFR § 164.528; (ix) Make its internal practices, books, and records relating to the use and disclosure of PHI received from, or created or collected by the Business Associate on behalf of another Party, available to the Secretary of HHS when called upon for purposes of determining the other Party's compliance with federal privacy standards; and (x) At termination of this Agreement, if feasible, return or destroy all PHI received from another Party, or created or collected by the Business Associate on behalf of the other Party, that the Business Associate still maintains in any form and retain no copies of such PHI or, if such return or destruction is not feasible, or if the PHI is still used to perform business functions, continue to treat all such PHI in accordance with the limits provided in this Agreement, and applicable law and regulation.

VIII. SYSTEMS AND PERSONNEL SECURITY/UNAUTHORIZED DISCLOSURES.

The Parties shall comply with the final version of the data security standard promulgated by HHS (final version found at 45 CFR Part 160, 162, and 164, published February 20, 2003, 68 Federal Register, Pages 8334-8381, the "Security Standard"). On or before the required compliance date of the final Security Standard, the Parties will adopt any necessary modifications to their practices for maintaining PHI or transmitting PHI electronically, and shall provide any written assurances required under the final Security Standard to prevent unauthorized access to Data. If an unauthorized disclosure of PHI, or the discovery of unauthorized access to and/or tampering with the Data or Molina's Proprietary Data is discovered, the disclosing party will immediately report to the other party, using the most expeditious medium available, no later than twenty-four (24) hours after such discovery/disclosure is made, the following information: (i) the nature of the disclosure, (ii) PHI used or disclosed, (iii) the individual(s) who made and received the disclosure, (iv) any corrective action taken to prevent further disclosure(s) and mitigate the effect of the current disclosure(s), and (v) any such other information reasonably requested by the non-disclosing party. The Parties will cooperate in the event of any litigation concerning unauthorized use, transfer or disclosure of such Data. Failure to adhere to this section may constitute violation(s) of applicable federal and state laws and regulations and may constitute just cause for immediate termination of this Agreement.

IX. COMPLIANCE WITH STANDARD TRANSACTIONS.
